

DO NOT ALLOW THE EXPANDED USE OF CELL PHONES ON COMMERCIAL AIRCRAFT. THE ISSUE OF SECURITY IS THE TOP REASON, AND MANY WILL COMMENT OF THIS. THE ANNOYMENT FACTOR IS EXTREMELY HIGH AS WELL. IN VERY TIGHT, CROWDED AIRLINE SEATING CONDITIONS, HAVING SOMEONE TALKING CONSTANTLY IN THE PHONE WILL MAKE EVERYONE CRAZY. WE HAVE ALL HEARD ONE SIDED CONVERSATIONS IN RESTURANTS, LOBBYS, ON THE STREET ETC, THAT WE WERE NEVER MEANT TO HEAR. PEOPLE ARE LOUD, AND WHEN BORED, JUST PHONE TO ENTERTAIN THEMSELVES. SITTING NEXT TO SOMEONE LIKE THIS WILL MAKE OTHERS ANGRY, AND CREATE ALL THE OTHER RAGE RELATED PROBLEMS. IT SEEMS THAT MOST OF THE AIRCRAFT HAS PHONE CAPABILITIES IF NEED ARISES. DON'T OPEN THE DOOR FOR MORE PROBLEMS THAT CELL PHONE CALLING ON AIRCRAFT WILL CREATE.
